PAYMENT All store stock must be paid for on the day of sale. Terms are strictly cash unless credit references have been cleared with the auctioneers prior to the day of sale for payment by cheque.

AGENT RESPONSIBILITIES Persons purchasing on behalf of a third party are responsible for any debts incurred by the third party in accordance with Conditions of Sale as laid down by the Livestock Auctioneers Association.

WARRANTY OF STOCK All stock are sold under the National Conditions of Sale as displayed in the market office except where stated in the TFAM terms as displayed in the market office (copy available upon request).

SALE NOTES Buyers are required to give particular attention to announcements made from the rostrum concerning animals as they pass through the sale ring. Confusion may often be avoided if alterations and amendments to catalogue particular and other information of value are carefully noted when announced by the Auctioneer at the time of sale.

ALL STOCK Purchased from the market must be removed the same day. Unfortunately there are no lairage facilities at Thame.

PARKING AT THE MARKET If you park outside the market parking area (which is marked out by our boards) please ensure you obtain a parking ticket from the relevant pay meters.

****ABERDEEN ANGUS SIRES****

When registering your calves please take care to add the correct sire details onto your passports. Several major abattoirs will not accept incorrect printed sire details, therefore TFAM will reluctantly sell any cattle with sire discrepancies as **RSQ** (registered sire query) which may affect the price.

FRIDAY 20TH SEPTEMBER 2024

This Catalogue is a guide only, Purchasers MUST satisfy themselves that the descriptions given by the Vendor are accurate, residency period of Farm Assurance and number of movements an animal has made. All enquiries to the mart office.

The following Mortality Warranty will apply only where the Buyer makes payment of the additional mortality warranty premium at the time of purchase.

1 Mortality Warranty

Subject to the conditions set out below the Society agrees to repay the hammer price of any animal sold at its auctions which dies within seven days of the date of the fall of the hammer as a direct result of a condition which existed at the time of the fall of the hammer ("the mortality warranty"). The Society will not make any payment over and above the hammer price nor reimburse any consequential losses or incidental expenses incurred.

2 Conditions

The conditions which must be satisfied before payment by the Society pursuant to the Mortality Warranty set out in sub condition 1 above are as follows:-

2.1 The Buyer must notify the Society in writing of the death of an animal which may give rise to a claim pursuant to the Mortality Warranty ("a Claim Notice") so that such Claim Notice is received in the office of the Society within 24 hours of such death and then at the Buyer's own cost produce a certificate from a qualified veterinary surgeon:-

A) Confirming the cause of death, and

B) Confirming the veterinary surgeon's opinion that such cause existed at the time of the fall of the hammer, and

C) confirming whether, in the veterinary surgeon's opinion, there is anything which might give rise to the belief that at the time of the sale the vendor of such animal knew or ought to have known of, or had good reason to suspect the existence of the condition which caused the death, or of any symptoms connected with such condition. Such certificate to be produced to the Society within 48 hours of death.

2.2 If the Society so wishes, it may at its own cost obtain a certificate from the veterinary surgeon of its own choice within three days of notification of death by a Buyer.

2.3 The Buyer shall not dispose of any animal in respect of which they intend to claim pursuant to the Mortality Warranty until three days have expired since the Buyer has give a Claim Notice and give the opportunity for the Society or its nominated veterinary surgeon to inspect such animal as soon as it wishes during that time.

2.4 No payment will be made pursuant to the Morality Warranty where the Society's veterinary surgeon certifies that the Buyer or the employees agents subcontractors or independent contractors engaged by the Buyer or their agents have caused or contributed to the death of the animal by the Buyer's own actions or omissions or those of the Buyer's employees agents subcontractors or independent contractors and the certificate of such veterinary surgeon shall be final and binding upon the Buyer and the Society.

3 Vendor's Responsibility

If in the opinion of the veterinary surgeon whose opinion shall be binding on the vendor the vendor of any stock the subject of a claim pursuant to the Mortality Warranty knew, ought to have known, or had good reason to suspect the existence of the condition which caused such death at the time of sale then the Society will not pay the vendor for such stock or if payment has already been made to the vendor shall repay the hammer price of such stock to the Society within three days of demand.

4. General

4.1 All the times set out in Clause 2 above shall be of the essence.

4.2 Breach of any of the provisions of Clause 2 above by the Buyer will result in the Mortality Warranty being invalidated and no payment will then be made pursuant to it by the Society
