Demand strong for the fed fleshed lambs of which there were few on offer. Those forward traded around the 280p/kg mark with a few smart pens at 290-300p/kg. The lambs in general were on the leaner side today, this being reflected in the averages.

Leach Farms sold Beltex x at £150.00 for 51kgs, Edward Gurney took £147.00 for 50 ½ kgs, Widmer Farm took £140.00 for 50kgs as did Miss Edwards with Cradle Farms selling 48kgs for the same money.

Several pens of lambs would have been better sold on a Friday in the store sale.
